DIGGING DEEPER is a fun and interactive program that strives to guide and support students in:

- Developing and nurturing their personal relationship with God
- Exploring and deepening their knowledge of the Catholic faith
- Building Christ-centred friendships with other students as well as adult mentors from the parish community

Each meeting night will look at a different topic that is relevant to participants. Activities throughout the year will include worship music and personal prayer in the church, sharing and discussions in small and large groups, videos, guest speakers, games, interactive prayer experiences, and opportunities for community service.

A retreat weekend will also be offered during the year (more information to come).
